---

# Allison Kelso CPA

TAX STAFF

### PROFESSIONAL BACKGROUND

Allison's work focuses primarily on agricultural producers, including strategic tax planning, tax return filings, the compilation or review of financial statements, and preparing accrual basis financial statements for mid-sized farming operations. Allison has been involved with the set-up and reorganization of family farming businesses, tax planning for multi-entity operations, and succession planning for the next generation of farmers, and is becoming familiar with the process of business valuation. She has experience working with dairy farmers, beef and cattle operations, and row crop producers.

Allison graduated from Southern Illinois University Edwardsville with a Bachelor of Science in Accounting in August 2018. She earned her CPA license in January 2020.
